- c. Calls will be charged each month on top of the plan cost, with the amount charged varying depending on the call type and plan.
- d. We reserve the right to vary our rates and charges in providing the Service at any time, and such changes will apply to you forthwith.
- e. You acknowledge and understand that for the use of this Service, you must acquire at your cost your own hardware, along with a suitable broadband Internet connection if applicable.

112. Liability and Service Delivery

- a. While being committed to maintaining a reliable, high-speed network, we do not warrant that all Services are free from faults, delays or interruptions, which can be caused by factors such as network congestion, maintenance, technical capabilities, geographic factors, obstructions or interference and may cause disruptions to your Service at certain times.
- b. We do not warrant that the service will be free of interruption, delays or faults, and we are not liable for any loss or loss of data or other commercial damage, including but not limited to special, incidental, consequential or other damages.
- c. By using the Service, you agree that you shall defend, indemnify, save and hold us harmless from any and all demands, liabilities, losses, costs and claims, including reasonable legal fees asserted against us, our agents, our customers and employees that may arise or result from any service provided or performed or agreed to be performed or any product sold by you or your agents or employees.

- e. You acknowledge that you have relied on your own judgment to evaluate the suitability of the Service for the purpose for which you require the Service.

113. Contact Details

Under the Telecommunications Act of Australia, it is a legal requirement that the physical location of a fixed line phone service is correctly entered and maintained in the government's emergency location database (IPND). This enables emergency services to be able to trace the physical location of the caller in an emergency situation. We also **strongly** recommend that you provide this information for any VoIP numbers that terminate at mobile answerpoints.

- a. It is your responsibility and of critical importance that you supply and maintain your correct details with us.
- b. This information is maintained by you via Alltel's self-management web portal or alternatively by informing us of any change of locations to any VoIP service.
- c. You can find full details about contact detail legal requirements at www.acma.gov.au.

114. Call Recording

- a. It is a legal requirement that you inform callers before they are recorded that you will be recording the phone call so that the caller has the opportunity to either end the call or else ask to be transferred to another line where recording does not take place. The caller must be given sufficient opportunity to do so; otherwise the call must not proceed.
- b. You can notify callers that their call is being recorded either by playing a pre-recorded audio file announcement or by your Operator informing the caller before recording starts. Failure to do so is a breach of Law and of your Agreement.
- c. You shall indemnify us and our Partners from and against all actions, claims, damages, liabilities or costs (including legal costs) arising from, or directly or indirectly related to, you compliance with the foregoing call recording requirements, all associated conduct, acts or omissions, or any claim that the call recording service has infringed any rights at law or otherwise.
- d. When using call recording, you accept full responsibility and liability for ensuring that all callers are notified at the beginning of the telephone conversation that the call will be recorded, and that callers are given sufficient opportunity to provide their consent; otherwise the call must not proceed. You must ensure that no confidential information is subject to unauthorised use and disclosure.

115. Alltel's Self-Management Portal Use

- a. Your call recordings are stored for a minimum of 7 days, after which time we reserve the right to remove these messages without notice.
- b. You acknowledge and understand that if any action you take on the Alltel Portal breaks, pauses, interrupts or sets up a wrong action or creates a problem in the final service delivery, it is your sole responsibility. We reserve the right to Charge for any problems you cause that we need to rectify.

116. VoIP and Emergency Services

Alltel **strongly** recommends that you **do NOT** use VoIP services as your only telephone service, and **strongly** advise that you keep another form of telephony nearby for calling emergency services.

- a. Due to the nature of VoIP and the Internet, VoIP service providers cannot provide faultless emergency call services. Calls to emergency services may not work at all times due to factors such as the Internet being unavailable, power outage, account suspension, power failure.
- b. VoIP allows for your service to be nomadic in design, as such, an emergency services operator may not be able to automatically determine your physical address. It is important that if you are using a VoIP service and need to call emergency services, that you inform the operator of the address you are calling from.
